Advanced Reflective Solutions

ORAFOL
ENGINEERED
FOR EXCELLENCE

Engineered to Save Lives

ORAFOL engineers high-performance reflective materials for vehicles, apparel, traffic signs, and countless other applications. Every product meets the highest safety standards. Whatever your project demands, we deliver the optimal solution of the production of the shown product.

Horseback Riding

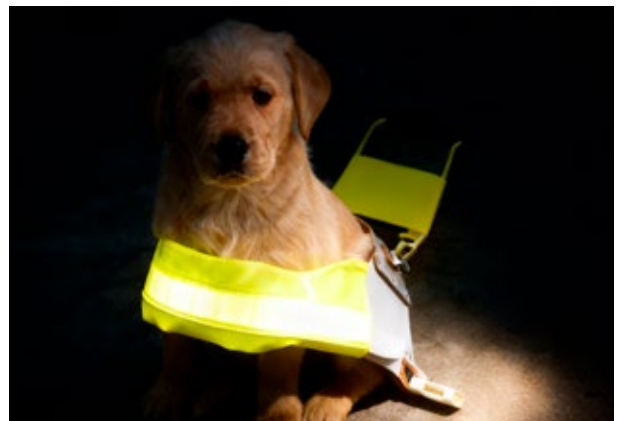

Riding in low-light conditions requires maximum visibility. Our reflective accessories on bright clothing significantly increase rider and horse safety during dawn, dusk, rain, or fog, giving drivers critical reaction time to see you.

- ✔ Weather-resistant materials withstand rain, mud, and UV exposure

Pet Safety

Night walks pose visibility risks for pets and owners. Our reflective materials for collars, leashes, and accessories ensure drivers can spot you and your pet in low-light conditions. Available in multiple colors for safety and style.

- ✔ Machine washable materials maintain reflectivity after 50+ wash cycles

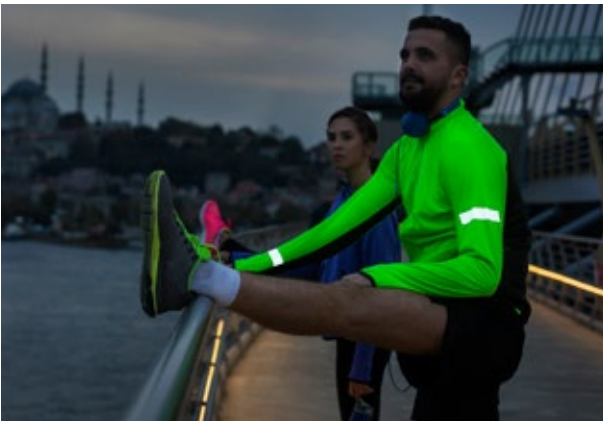

Helmets

Reflective helmet decals enhance nighttime visibility for cyclists and motorcyclists. ORAFOL produces custom-fit reflective stickers for any helmet model, with shapes and adhesives optimized for each application.

- ✔ Permanent and removable adhesive options for various helmet surfaces

Sports & Leisure

The sports and leisure market demands enhanced visibility solutions. Our reflective materials integrate seamlessly into athletic wear and equipment, keeping runners, cyclists, and outdoor enthusiasts visible to traffic during dawn, dusk, and nighttime activities.

- ✔ Stretch-compatible materials move with athletic fabrics without cracking

School Bags

Our reflective tapes for school bags and backpacks enhance children's visibility in all weather conditions, helping motorists spot them on their way to school. Meets DIN 58124 German safety standards.

- ✔ Sew-on and heat applied options for easy integration into bag designs

Other Applications

Reflective materials enhance visibility across virtually any product category. From personal items to professional equipment, the applications are endless. Let us help bring your vision to life.

- ✔ Custom die-cutting and shapes for unique product designs
