

HAVE YOU HEARD?

Now produce *brilliant, colorful graphics* using *your* desktop inkjet printer and NEW ORAJET® 1917.

Our **NEW ORAJET® 1917** is a versatile promotional digital print media designed to produce brilliant, colorful graphics using a wide variety of ink technologies, including a typical desktop inkjet printer.

Great for DIY hobbyists and crafters needing to print adhesive-backed patterns, photographs, artwork, maps, tags, labels, and simple signage.

This flyer is available for digital download via the distributor portal.
