

Product Description

Single layer, carbon auto glass film with ideal thickness and different tone options. ORACAL® CA Window Films are produced with advanced technology. The color is not fading and the films do not reflect. Heat blocking performance of this product is higher than standard glass films. ORACAL® CA provides ease of application when right methods and equipments are used.

Release Paper

Silicone-coated transparent polyester on one side (silicone: 0,25g / m²)

Adhesive

Acrylic copolymer, repositionable, transparent

Technical Data

Thickness 38 micron
