ORAFOL® Face Shields

SUPER LIGHTWEIGHT:
22g ONLY!

New Economic Face Shield solution - life saving and necessary

The face shield can be used by key workers, doctors, nurses, pharmacy workers, bus drivers, tube workers, delivery drivers, teachers, & anyone who works closely with the general public such as supermarkets, garden centers etc.

- **EN 166-2001 certified**
- For all types of job functions where 2 meter social distances are unavoidable like key workers

To find out more information visit www.orafol.com or email advanced.polymer.films@orafol.de if you have any questions.

It is both quick and easy to assemble the ORAFOL Face Shield:

Benefits of the ORAFOL® Face Shield over conventional face shields with e.g. foam distance holders:

- Optically clear
- Lightweight 22 g only
- Anti fogging
- Easy to fit, no mechanical parts
- No impact on talking, compatible with glasses and face masks
- Assists protection from spray caused by coughing or sneezing
- Easy to clean, flat storage
- Bespoke sizes
- Environmentally friendly, 100 % recyclable

The ORAFOL face shields are sold with 50 shields in a box, and available from stock for quick deliveries.
