ORACAL® 383 Metalised Ultraleaf Cast

Self adhesive double sided Chrome & Gold Metalised cast film with three dimensional embossed texture.

The alkyd resin surface provides Ultraleaf Cast with good weatherability and durable dimensional stability.

Permanent acrylic adhesive provides excellent adhesive properties.

Ideal film for glass applications.

Specially designed for use on computer cut plotters.

- Chrome & Gold films
- Ultraleaf impression visible on both sides of film
- 135gsm silicone coated liner
- Permanent solvent based adhesive
